## GIANTS TAKE SUNDAY GAME SCORE 4 TO 2

### Douglas Holds Yank Wrecking Crew to 7 Hits. Ruth Hits First Home Run

### ATTENDANCE 36,372

**Veteran George Burns Singles in The Eighth Inning Scoring Two Deciding Runs.**

New York, Oct. 10.—"Babe" Ruth made a home run at the Polo Ground today, but the hit, a tremendous wallop into the right field bleachers, came in the ninth inning with nobody on base, and failed to save the Yankees from defeat in the fourth game of the world series.

The Giants by the score of 4 to 2, evened the count of the series, which now stands at two victories each.

The game, a snappy, quickly played contest, was witnessed by more than 36,000 persons, a few hundred less than the record crowd of last Friday. For seven innings it looked like a repetition of last Wednesday's pitcher's battle between Carl Mays and Phil Douglas, these two twirlers again being pitted against one another. Then, in the eighth, the Giants broke through May's guard and scored three runs—enough to win—by a pretty exhibition of consecutive batting.

The Giants added another, but, as it turned out, unnecessary run in the ninth. The Yankees were able to hit Douglas consecutively only in the fifth, and when they scored once, their other tally being accounted for by Ruth with his four base blow.

That the "Babe" appeared in the game at all was a big surprise to the fans. It had been feared his injured arm would keep him out of the play for the remainder of the series and even Manager Miller Huggins, of the Yankees, did not expect up to an hour before game time that Ruth would be in the line-up today announcing that "Chick" Fewester would take his place in left field. It developed, however, that Ruth, determined to play, had had his arm well plastered up, and shortly after 1:30 o'clock he came on the field in uniform and to all appearance as fit as ever.

The sight of the "Bambino's" bulky figure drew forth a big shout of welcome from the crowd, which was repeated many fold when he made his circuit hit in the ninth. He handled his two fielding chances cleanly, There was nothing in his work at the bat to indicate that his injured arm was handicapping him in the least. He did not, however, try to steal any more bases.

"I have realized one of my great ambitions—to make a home run in the world's series," Ruth said after the game, "but I'm sorry it didn't come with men on the bases. It might have meant the winning of the game."

The real honors of the day, despite the spectacular feat of Ruth, in making his first world series home run—which, by the way was the first homer of the 1921 tilt—went to the lanky man who occupied the mound for the National Leaguers, 'Shuffling," Phil Douglas' exhibition was a work of baseball art that was a pretty thing to watch. He held the heavy hitting Yankees, with the exception of Ruth and Schang, almost in complete subjection when hits meant runs, and grew better as the game drew towards its close, only Ruth being able to reach him to any effect in the last three innings.

## *STATE NEWS*

Harrisonburg—Harris Hart, State Superintendent of Public Instruction, was the principal speaker at the two days' session of the Rockingham County Teachers' Institute, which closed here Friday evening.

In discussing Virginia's school needs, Superintendent Hart pointed out that last year there were 680,000 pupils in the public schools of the State, and that approximately 15,000 teachers were employed to instruct them. The educational budget for the State last year, Mr. Hart declared, was only a little over $13,000,000, while Superintendent Claxton, of Washington, estimated that at least $22,000,000 would be necessary annually, to maintain a system of such proportions efficiently.

Leesburg—A Democratic meeting will be held in the courthouse here on Monday afternoon, at which time Hon. R. Walton Moore, member of Congress from this district, and Hon. Otis S. Bland, of Hampton, member of Congress from the First District, will address the voters on the issues involved in the present campaign.

Lynchburg—About 200 older boys most of them from the high schools of the State, are expected to attend the older boys' conference to be held at the local Y. M. C. A. for three days, the conference beginning Friday of the coming week. Discussions of leadership in churches and Sunday Schools, as well as the same work in the high schools will be features of the program.

Winchester—Shoppers were thrown into a turmoil of excitement this evening by the explosion of a large water heater in the vulcanizing shop of Collis Q Wagner, opposite the City Hall.

The force of the blast, which hurled the heater from the cellar to the second story of the double brick building, virtually demolished the machinery and a stock of accessories.

Freeling—There is considerable complaint that corn is being damaged by the continuous rains. Corn in the shock is being most seriously damaged. Fodder also is bleaching and rotting, where it is outstanding. It is feared that this condition will bring about a scarcity of feed.

Petersburg—With many of the exhibits from the State Fair already in place here, and prospects of this year being a banner one, the Petersburg Fair will throw open its gates this morning for a week's exhibit.

Norfolk—Bruce Bove, of Richmond, was named today by a unanimous vote to be resident of the Virginia Real Estate Association for the coming year. Other officers selected by the convention in session today were: E. Ray Richardson, Richmond, re-elected secretary; John Graham, Alexandria, vice-president; Charles A. Ball, Roanoke, vice-president; Joseph R. Ives, Norfolk, vice president; H. K. Hawthorne, Charlottesville, vice president; and C. M. Flynn, Danville, vice president.

Richmond—Senator Trinkle, the nominee for governor, has been here for several days this week attending the state fair and having a chance to meet the leaders of the party from every section and to get full and complete information of what is going on at headquarters as well. No sooner had he reached the city than he was surrounded by friends and was allowed little time in which to attend to the business at headquarters. He went out to the fair and there was an ovation at his every step, but he declined to make any sort of an address, having refused to accept invitation to do this for the reason that he had been invited by other associations to speak, and did not want to discuss politics when the people were here to see the sights and not to listen to speeches. Sen. Trinkle had a long conference with chairman Flood in which much of the details of the campaign were taken up The statement was made that things were moving to the satisfaction of all concerned, that there was no apprehension that the Republicans would do more than to canture the districts which they have had for years.

Winchester—A concrete illustration of "before and after" in the clothing line was given today by a local merchant whose window contained one side a suit of clothes marked "$60 in 1920." and on the other, "what $60 now buys," the list embracing a suit, shoes, shirt tie, collar, underwear, pajamas, gloves, cuff buttons, hat, cap, handkerchief, garters, belt and belt buckle.

"Beef that anyone can chew" is advertised by a cash butcher, who admits people are tired of paying wartime prices and that he has returned to a peace-time basis, knowing "the people are hungry for some meat they can eat." The best beef steak is sold at 22 cents and boiling and roasting beef from 15 to 18 cents, while veal is only a few cents higher than beef. Pork is quoted at the same range.

### CHURCHES AWAIT RULING ON SACRAMENTAL WINES

Washington, Oct. 10.—The long disputed question of wholesale dealers in sacramental wines being permitted to do business under the national prohibition laws has been put to the Department of Justice for decision. Secretary Mellon has asked Attorney General Daugherty to rule whether commecial firms can be permitted to deal in wines for religious purposes.

## TREATIES MAY BE IN DANGER OF REJECTION

### Oposition of Democrats to Pacts Grows Stronger As Voting Date Approaches

### G. O. P. DISSENSION

**German Americans Not In Favor Of Treaties As At First Thought. Offer Objections.**

Washington, Oct. 10.—For the first time since President Harding submitted the peace treaties to the Senate there appears serious apprehension that ratification may be defeated.

The Democrats, who, when the separate treaties were presented, were almost equally divided, are now two to one, on the lowest count, against ratification, and there is a strong probability that the vote a week hence will show a close approach to unanimity on the minority side. More than this, there are rumors that the solidity of the Republican line has been broken and that secessions to the group of two or three who, with Senator Borah, have been fighting the treaty from the start, are imminent.

If this report turns out to be correct, the treaties face defeat, as a switch of half a dozen Republican Senators would make ratification impossible.

Seven Democrats at least must vote for the treaty if it is going through. If Senator Norris is well enough to vote, and if Senator Ladd joins the Borah group, as many anticipate, nine Democrats is the minimum that will pass the treaties. Thus far no leader has been willing to make a list of nine Democrats who are sure to vote for the treaties

Fomerene and Walsh, of Montana, originally classed as sure to vote for the treaty, now are figured as being doubtful at best. Underwood and Hitchcock are both for ratification, although Hitchcock's name also has been used in the rumors of changes. The fact that the old leader has not yet taken advantage of the invitation to visit Woodrow Wilson makes it extremely doubtful if anything more than the wish being father to the thought is behind the word that he was slipping.

The wisdom of the Administration in forcing an agreement to limit the speech making after next Friday is apparent, for at the rate of progress being made by the anti-treaty folks every additional day's delay increases the perils that beset the treaties. If they should happen to be defeated it will constitute the bigges ttriumph for Seantor Borah that any Senator has gained in recent years. His fight for disarmament that culminated in the calling of the arms conference was the most sensational achievement of any individual Senator in modern Congressional history and accounts in some degree for the apprehension that has been engendered by his present campaign.

When he started opposition to the treaties he was almost alone. The Democrats were apathetic, most of them inclining to the position that although they did not like the treaty with Germany, regarding it as a subterfuge promulgated merely because the Adimintsration did not care to offer the Versailles treaty, anything was better than a continuation of the anomalous technical state of war. Underwood, the leader of the minority, and Hitchcock, the leader of the Wilson forces in the late Congress, were for the treaty.

The theory of support for the treaty by those who advocated its ratification was that it was desired by those who advocated its ratification was that it was desired by those of German sympathies in this country, and would hasten the smoothing out of war hatreds. Now it appears that the German-Americans are anything but enthusiastic for it.

**Last Game Against Pro's Results in 7 to 5 Defeat—Football Next Sunday**

The Dreadnaught baseball team went down in defeat before the strong team made up of professional and semi-professional players of Washington and vicinity, yesterday, by the score of 7 to 5. The D's held the visitors to a tight score until the eighth, when their batters went wild and scored enough to put them out on the upper side of the game. The batters for the Dreadnaught team failed to come across in their usual style. Frye pitched a great game but seemed to loosen up in the pinches.

This game is the last on the schedule and football will begin next Sunday. Many good players are in the line up and a great season is promised the fans.

## 18 KILLED IN TRIPPLE WRECK OF STEAMERS

### Liner In Collision With Another Vessel Struck and Sunk by Rescuing Ship

### 3 PASSENGERS LOST

**Sixteen Missing in Crash and Two Die From Injuries. American Liner Slightly Damaged.**

Belfast, Oct. 10.—To be damaged by one vessel in a dense fog off the southwest coast of Scotland and then sunk by another coming to its aid, was the fate early this morning of the Laird Line steamer Rowan, plying between Glasgow and Dublin. Thirteen of the Rowan's crew and three passengers are missing. Two passengers died after being rescued by vessels which responded to the wireless S O S call.

An official statement says that the Rowan carried 39 persons, including the crew, 77 of whom are accounted for by the 4 vessels which went to the Rowan's assistance.

Aboard the Rowan was the American Southern Syncopated Orchestra, composed largely of colored players who had been touring this side of the water since 1919. One of the men who died after being taken out of the sea was Pete Robinson, the drummer of the orchestra.

The accident was due to a double collision in the North Channel off Corsewall Point. The Rowan first collided with the American steamer West Camak, both of them being damaged. The West Camak stood by with forespeak full of water, meanwhile sending out wireless calls for aid. The Clan liner Clan Malcolm responded, but in the confusion due to the heavy fo g ran into the disabled Rowan, which sank immediately.

The West Camak helped in the rescue work, afterward putting into Glasgow with 26 survivors, Capt. Donald Brown, of Glasgow, is reported to have gone down with the Rowan Three other vessels also answered the call and completed the work of rescue as far as it was possible.

The Clan Malcolm, which rammed the Rowan amidships, was damaged only slightly.

The syncopated orchestra which went to London in June, 1919, gave performances there and vicinity until two months ago when they made a tour of Scotland. There were originally 38 members, about 15 of them British players.

## J. L. CRUPPER MAY LAND BIG PLUM

### Slated for Collector of Customs With Headquarters in Norfolk

### FORMER POSTMASTER

**Mr. Crupper Is Chairman of Republican Party In Virginia- Term of Incumbent Expires Next May.**

Joseph L. Crupper, chairman of the Republican State Committee, has decided to take the position of Collector of Customs for the Virginia district, with headquarters at Norfolk. Mr. Crupper is a fromer resident of this city, but now lives in Arlington county.

This announcement is based on a very reliable report that Mr. Crupper has notified administration heads at Washington that he will accept appointment to the office, which becomes vacant when Norman R. Hamilton's term expires next May. Mr. Hamilton will probably be permitted to serve out his term.

It has been understood by Republican leaders in the State that Mr. Crupper would get the appointment if he wanted it, but for a time there was some doubt as to whether he would accept it. It is definitely known that Mr. Crupper has signified his willingness to accept the office and that his appointment is now only a matter of a few weeks time.

The present incumbent, Norman R. Hamilton, will have completed eight years of service as collector when his term expires in May, 1922.

The many friends of Mr. Crupper here will be glad to learn that he expects to get the appointment. Several years ago Mr. Crupper served as postmaster here.

## Y. M. C. A. GYMNASIUM

The new "Y" gymnasium which opens this afternoon at the Westminster Building marks, we hope, the inauguration of a new era for the business and professional man in Alexandria. The need of exercise for those confined in office or store all day, is disregarded as a rule, and the reason therefor is principally the inconvenience and expense of fitting up a private gymnasium, or the utter lack of public facilities.

Secretary Wallace, with his usual vigilance for the welfare of men and women, young and old, has put into operation a plan that he has long cherished. He has already a good equipment with which to start, and proposes to add to it from time to time, as the work progresses. Calisthenic exercises, without equipment, and maze marching, will also be practised by those who prefer these forms of exercise to those in which the usual paraphernalia are used. Shower baths are provided for use after gymnastic work.

The gymnasium will be open to all Y. M. C. A. members, and membership is easily obtained by application to General Secretary Wallace at the Westminster Building. The latter has had some twenty years of experience as physical director and the membership is exceedingly fortunate in having a leader of his training and ability.

It is Mr. Wallace's ambition eventually to form classes of those interested, and conduct the institution on the most approved modern plan, such as prevails in the larger cities.

The ladies of Alexandria will also participate in the benefits, and classes for them are already forming with regular hours and days for exercise.

We urge those who have not regular means of daily exercise to join this admirable institution, and assure them they will be gladly welcomed by the courteous gentleman at the head of it.

## DEMOCRATIC NOMINEES

Replying to inquiries from several sections as to the propriety and party obligation demanding the Democratic voters support in an election the nominees of their party, whether named in primary, by committee, or in convention, a pronouncement has been made by E. Lee Trinkle, democratic gubernatorial nominee; Congressman H. D. Flood, state chairman; W. W. Sales former adjutant-general of Virginia and campaign manager for Mr. Trinkle, and by Harry M. Smith, Jr., of Richmond, the well known criminal lawyer, among the foremost members of the state bar, These four authorities all express a unimity of opinion that it would be subversive and destructive of the primary system should the voters not support the party nominee. Also, that there is an implied party and moral obligation on the part of the voters to support the choice and nominee of their party.

The opinions of the four authorities mentioned are as follows: Senator Trinkle:

"The object of a primary is for those who go into it to select the most available candidate of the particular party holding the primary. There are two methods by which to make a primary nomination: One by receiving the highest number of votes cast in the primary and other by filing notice of candidacy before the proper committee, and, in the event no else files for that particular office, under the law the committee must declare the one so filing the nominee. In my judgment the obligation to support the nominee of the primary by one of the above methods is just as binding as the other. While there is possibly no legal obligation on anyone who participates in a primary to support the nominees of the primary, yet there is the highest moral obligation for him so to do."

Mr. Flood:

Every Democrat is morally and politically bound to support the nominees of the Democratic Party both State and local, and this obligation is especially strong upon the Democrats who participated in the primary, and it applies in behalf of candidates who were declared nominees by the regularly constituted party authorities as well as in behalf of those who were voted for in the primary. This moral and political obligation is contemplating in the primary law and should be respected; otherwise the primary system of making our nominations will be destroyed.

General W. W. Sales:

Of course it is the duty of every member of the Democratic Party to support the nominees whether made as the result of candidacy in the primary or by reason of the fact that they were declared the nominees by having no opposition. I do not believe any right thinking man or woman can fail to recognize this moral obligation and appreciate the fact that it would destroy our primary system if they refused to be bound by the results of the primary.

Harry M. Smith, Jr.:

The will of the majority is the fundamental principle of the Democratic Party. Primary elections are in the interest of the peace and harmony of a political party and are held in order that it may be determined who has the majority vote of the particular party behind him. When this decision is made it is the duty, and should be the pleasure of those in the minority to support the nominee as heartily and as vigorously as they would have supported their own candidate had he been nominated. I have never heard a man who had the highest principles of honesty deny this doctrine. When a man does try to get from under this principle he is adopting a subterfuge, which in his heart he knows is not sound.

## KIWANIS

"Welcome, Kiwanis," is Norfolk's greeting to the district convention of that order, which opens today. For Norfolk knows that Kiwanis is an organization devoted to service in its best community sense—an organization that lives up to its high ideals. The personnel of the local chapter bears testimony to the high type of citizen that is enlisted under its banner and the record of its achievement bears witness to its merit as a practical agency for good.

"Kiwanis is said to be an Indian word meaning "We Build." The organization is pledged to make the business world a better world to do business in, and to the application of truly ethical standards to the transactions of daily life. It stands for constructive service and seeks by example to demonstrate that in dealings among men, the golden rule is not only the best but the only rule worth following.

"Kiwanis" is a part of a movement that indicates a nationwide awakening of moral consciousness and sense or moral obligation as between man and man. This order and others that, like it, are engaged in promoting world welfare through national welfare, and national welfare through individual welfare, are the true answer to Cain's ancient query, "Am I my brother's keeper?"

"Kiwanis" goes about its good work in the right way. Its members are good fellows all. They drive towards their goal with a smile They set about their self assumed task with an enthusiasm and cheerfulness that robs it of much of its difficulty. They are friends to the world and therefore the world is their friend.

The welcome that Norfolk extends the Kiwanians is their due as good fellows and good workers in a good cause. —The Virginian Pilot.

## TALES OF FOREIGN TOWNS

(For the Gazette)

Windsor leads all the cities of Ontario in population gains.

Paris entertains on an average nearly 500,000 foreign visitors ea. year.

Montreal is the third French speaking city of the world, being surpassed only by Paris and Marseilles.

Quebec is sometimes called the "Gibraltar of America," because of its well-nigh impregnable position and strong means of defense, both natural and artificial.

London has a "Nose Club", the membership of which is determined by certain nasal measurements and any applicant falling short of the required standard of size is rigidly excluded.

Rio de Janeiro is famed for its brilliant illumination at night. The glow from its lights may be seen as far as 100 miles out at sea.

Petrograd has lost more than 70 per cent of its population, while in Moscow the decrease has been nearly one-half, and the total for the cities and towns of the country shows a decline of more than 10 per cent from the figures of 1914.

## INTERESTING MEETING OF VA. HIGHLANDS CITIZENS ASSOCIATION

The regular monthly meeting of the Virginia Highlands Citizens' Association was held on Monday of this week. Following the submission of the reports from the treasurer and secretary, and the reports of the chairmen of the various committees, consideration was given to a special report from the Committee on Public Improvement with especial reference to that portion of the Alexandria pike extending from the Highway Bridge almost to Virginia Highlands. The chairman of the committee stated that information had been received by him that the money which had been appropriated for resurfacing the portion of the road referred to (which is a cobble stone stretch of about a mile) had been diverted and used on highways adjacent to the City of Richmond. It was recalled that the merchants of Washington City had subscribed a fund toward the reconstruction of the Old Pike, and that the Norton Company had spent some money on rebuilding this road, and it was the unanimous opinion of the meeting that the President should appoint a committee to call on the Board of Supervisors and recommend that the road in question be given attention as soon as the diverted funds are at the disposal of the road officials of this county. The Committee referred to the action of the authorities in resurfacing the Columbia Pike, particularly that portion extending from the Alexandria Pike to the Military Road, and suggested that in view of the light traffic and the locality through which it traverses that the residents of the county would have been more benefitted if the Columbia Pike was left in its original condition and the Pike completed. The Committee further referred to the lack of electric lights on the crossings or intersections at the Addison and Virginia Highlands roads on the Pike and the chairman was directed to take this matter up with the Board of Supervisors and recommend the erection of poles at the points mentioned. It was the sense of the meeting that the committee should also recommend to the proper authorities that appropriate measures be taken to eliminate the the speeding on the Mount Vernon Boulevard and the Alexandria Pike. Also that the attention of the Board of Supervisors be called to the "all night parking parties" on these roadways, and to the impassible condition of the streets in rainy weather in the vicinity of Virginia Highlands.

The question of having the proper authorities in the County adopt appropriate measures to prevent an influx of Gypsy camping parties such as was experienced in the early part of this year was discussed. It was recalled that at one time in the Spring there were as many as twenty tents or make-shift shacks adjacent to the Highway Bridge, which were visible from the car line. This section of the county seems to be particular unfortunate in the visitation of this element, and as they contribute nothing to the community except uneasiness, unrest and suspicion, it was hoped that some action would be taken to make their stay of short duration, and that if this was not possible, that the alternative be a restricted area in which they would be obliged to make their camps.

The question of having the school authorities erect a school in the community was again discussed. While little encouragement has been given by the school authorities in the past to such a project, it was decided to request a committee of three from the membership to call on the Superintendent of Schools and to invite his particular attention to the fact that twenty-five additional houses were erected in the community within the past year, that as many more are practically in the course of construction, and that a census of school children recently taken showed that if a school was erected here fifty children now going in to Washington would be sent by their parents to the school if built here.

It was decided that the Association would continue to fight the case of the highest courts, with the other parties interested, to prevent the brick company which desires to construct a tramway across the Addison Road and excavate clay from the ten acres parallelling the railroad track from Addison Station to Virginia Highlands Station. The purpose of the Brick Company being to excavate one of the unsightly, and mosquito-infested holes which are a disgrace and an eyesore to this section, and which would naturally result in the depreciation of valuable property. A temporary injunction has been granted by the Court restraining the Brick Company from crossing the road by tramway, and if this injunction is not made permanent it is the purpose of the Association to fight the case further.

### IN MEMORIAM

KIMBALL—In sad but loving remembrance of our dear daughter, ETHEL, who left us one year ago today, October 10, 1920.
We have lost our darling daughter,
She has bid us all adieu,
She has gone to live in Heaven,
And her form is lost to view.
Oh! that dear one, how we loved her,
Oh how hard to give her up,
But an angel came down for her,
And removed her from our home.
Her devoted Mother and Father.

The vacant place, the empty chair,
We see dear Ethel day by day,
And Oh! it fills my heart with care,
Since my dear cousin went away.

Millions of Mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on the bottle. Mother! # $10,000,000 AID FOR VETERANS

## Red Cross Provides Friendly Service of Many Kinds to Army of Disabled.

## BULK OF WORK BY CHAPTERS

## 2,397 of These Are Helping Ex-Service Men Obtain Benefits U. S. Provides.

One field of Red Cross service alone, that of assisting disabled veterans of the World War, entails expenditures $4,000,000 greater than the aggregate receipts of the Annual Roll Call of 1920, the American Red Cross announces in a statement urging a widespread increase in membership at the Annual Roll Call, November 11 to 24. At the present time National Headquarters and the nation-wide chain of Chapters of the Red Cross is spending approximately $10,000,000 annually for the relief of disabled ex-service men and their families, while the aggregate receipts from last year's Roll Call were approximately $6,000,000.

It is in the 2,289 of the 3,600 Red Cross Chapters which still are helping solve the veteran's problem of adjusting himself to a normal civilian status that the greater part of the cost of this service is borne. Of the total sum spent for veterans' relief last year, National Headquarters expended a total of more than $2,600,000, while the remaining disbursement of approximately $7,000,000 represents the contribution of Chapters in this country-wide effort to assist the Government in providing the aid sorely needed by these men and their families.

### An Ever Expanding Problem

That the problem of the disabled service man is ever-expanding and probably will not reach the peak before 1925, is the assertion of well-informed Government officials and that 2,397 Red Cross Chapters regard it as their most important work is evidence that the expansion is in nowise confined to a particular section but is, on the contrary, nation-wide. At the end of the fiscal year, June 30, 1921, there were 26,300 disabled service men in the 1,692 United States Public Health Service, Contract and Government Hospitals and Soldiers Homes, and that number is increasing at a rate of 1,000 a month.

Thousands of these men receiving medical treatment, compensation and vocational training from the Government today, started their efforts to obtain them through the Red Cross Chapter. The Chapter, acting as the disabled man's agent in claims against the Government, informs the man as to the procedure necessary to gain for him that which is provided him by Federal statute. His applications for compensation, medical treatment and training are properly filed with the aid of the Red Cross Chapter.

### Many Forms of Assistance

If there is delay before the man's claim is acted upon, the Red Cross Chapter lends the man money to meet the imperative needs of himself and his dependents.

Most vital to the man's gaining full benefit from the Government's care is keeping his mind free from worry about his home. Keeping the veteran's family from hardship of every kind and informing him of its welfare is another province of the Chapter. Free from fear on this score, the man's recovery and advancement usually is rapid.

Every month during the last year, the American Red Cross has given service of one kind or another to an average of 129,215 former service men and their families. An indication of the extent of the faith reposed in the Red Cross Chapter is to be found in the fact that there were 356,544 requests for friendly aid in the solution of personal problems.

### 448 Workers in Hospitals

While the man prior to entering Government care deals largely with the Chapter, afterward he comes into contact with the service provided by National Headquarters. There are 448 Red Cross workers in the United States Public Health Service and contract hospitals and other institutions in which these men are being cared for, whose duty is to provide for his recreation, help him with his compensation claims, keep him in touch with his family; in short, meeting his every need outside of that provided by the Government. While these are a few of the responsibilities of the National Organization, they are by no means all. Among other Red Cross accomplishments for the year are:

It handled 70,732 allotment and allowance claims.

It delivered through its Chapter organization 63,655 allotment checks to veterans who had moved from the addresses furnished to the Bureau of War Risk Insurance.

It provided a special fund of $10,000 for medical assistance to men under vocational training.

It made 32,495 loans totaling $450,000 to men taking vocational training, of which 85 per cent has been repaid.

What Happened in Des Moines
No. 10
A little investigation of attempts in other cities to substitute street car service with bus service would have saved Des Moines business men thousands of dollars in lost business, and car riders, great inconvenience.
The Des Moines bus failure was not the first.
Buses also have failed in Toledo, Bridgeport and on Staten Island.
Buses cannot substitute street car service for entire cities. All intelligent bus men know this, and many of them admit it.
Read what G. A. Green, General Manager of the Fifth Avenue Coach Company, the greatest bus line in the United States, says on that point.
"In my opinion, the theory that the car systems in any of the larger cities can be surplanted by any standard type of bus now obtainable is absurd and not worth any serious discussion. No man with any elementary transportation knowledge would think of backing such a statement. The bus is not more economical than the trolley car on the basis of cost per passenger carried, which is the only real basis."
Inadequate fares and unrestricted bus competition forced the Des Moines street railways to abandon all city service—over 92 miles of lines—on August 4, 1921.

## COMMUNICATIONS

Editor Gazette:

I would like to know if the "Friend's Playground," is also a Sunday Ball Park?

I own property adjoining this place, and lived there for 20 years, and I always considered this Friends' burying ground, a sacred place, the last resting place for the quiet religious Quaker.

I always endeavored to prevent the boys of the neighborhood from destroying and making it unsightly. I moved from the city three years ago, recently business called me to my property, and I could hardly believe this was the same place. Last Sunday there was a crowd of young men playing football in this place, from observation there are more large boys frequent this playground than children. I hardly think those interested and benefitted by this playground would like it adjoining their property or residence, a noisy crowd six days in the week, then on Sunday playing football.

Has the taxpayer no redress? This playground does not increase the value of property.

If there must be a playground, then why not put it on the High School grounds, or some vacant lot, and not to trample over the dead, even though they have been buried many years ago it is still the last resting place of these Quakers.

A few days ago an automobile party from Connecticut were inquiring for this burying ground, the lady saying her grandmother was buried there. This unsightly playground is what she saw, a shame to city of Alexandria. Very few of us would like the resting place of our dead made a playground.

## HIGH SCHOOL NOTES

The public alraedy knows the result of our games with the "Virginia A. C." and Business H. S. of Washington. Still we want to take advantage of this opportunity to say that we are mighty proud of our team, and we expect one of the best football seasons in the history of A. . S. The game scheduled with Western High School for Saturday, has been postponed by them. Several games have been scheduled but the exact games have not as yet been decided upon.

Our Weekly Assembly was held on Wednesday morning. After an opening prayer Mr. Knight, "America," was sung by the School, and the program was announced by Mr. Jack Pohl. The first number was a very interesting talk by Miss Pierce on "Education." Miss Pierce is supervisor of the graded schools of this city. We hope to have her with us again soon. Miss Mattie Reeves and Miss Mary Dornin sang a duet, "Santa Lucia," with Miss Louise Anderson as accompanist. Miss Louise Thomas gave a piano solo, "Rustles of Spring."

Next was a recitation by Miss Harriet Keene.

Mr. Haydon presented a safety razor to George Fletcher, our freshman football star who made the first touchdown last Tuesday against Business H. S. This razor was given by Prof. Knight.

Tuesday saw the inauguration of "The Last Lap," which lived up to our expectations. All the students who have not as yet subscribed had better get busy or they will find themselves left out. This is a real school paper and the place to find every bit of school news, No one with an atom of school spirit would think of letting a chance go by to get a copy. Get behind us and help to make it a success!

Dorothy Hinton.
